RECOMMENDED CHANGE IN STATE ROUTE SYSTEM

State Route 77

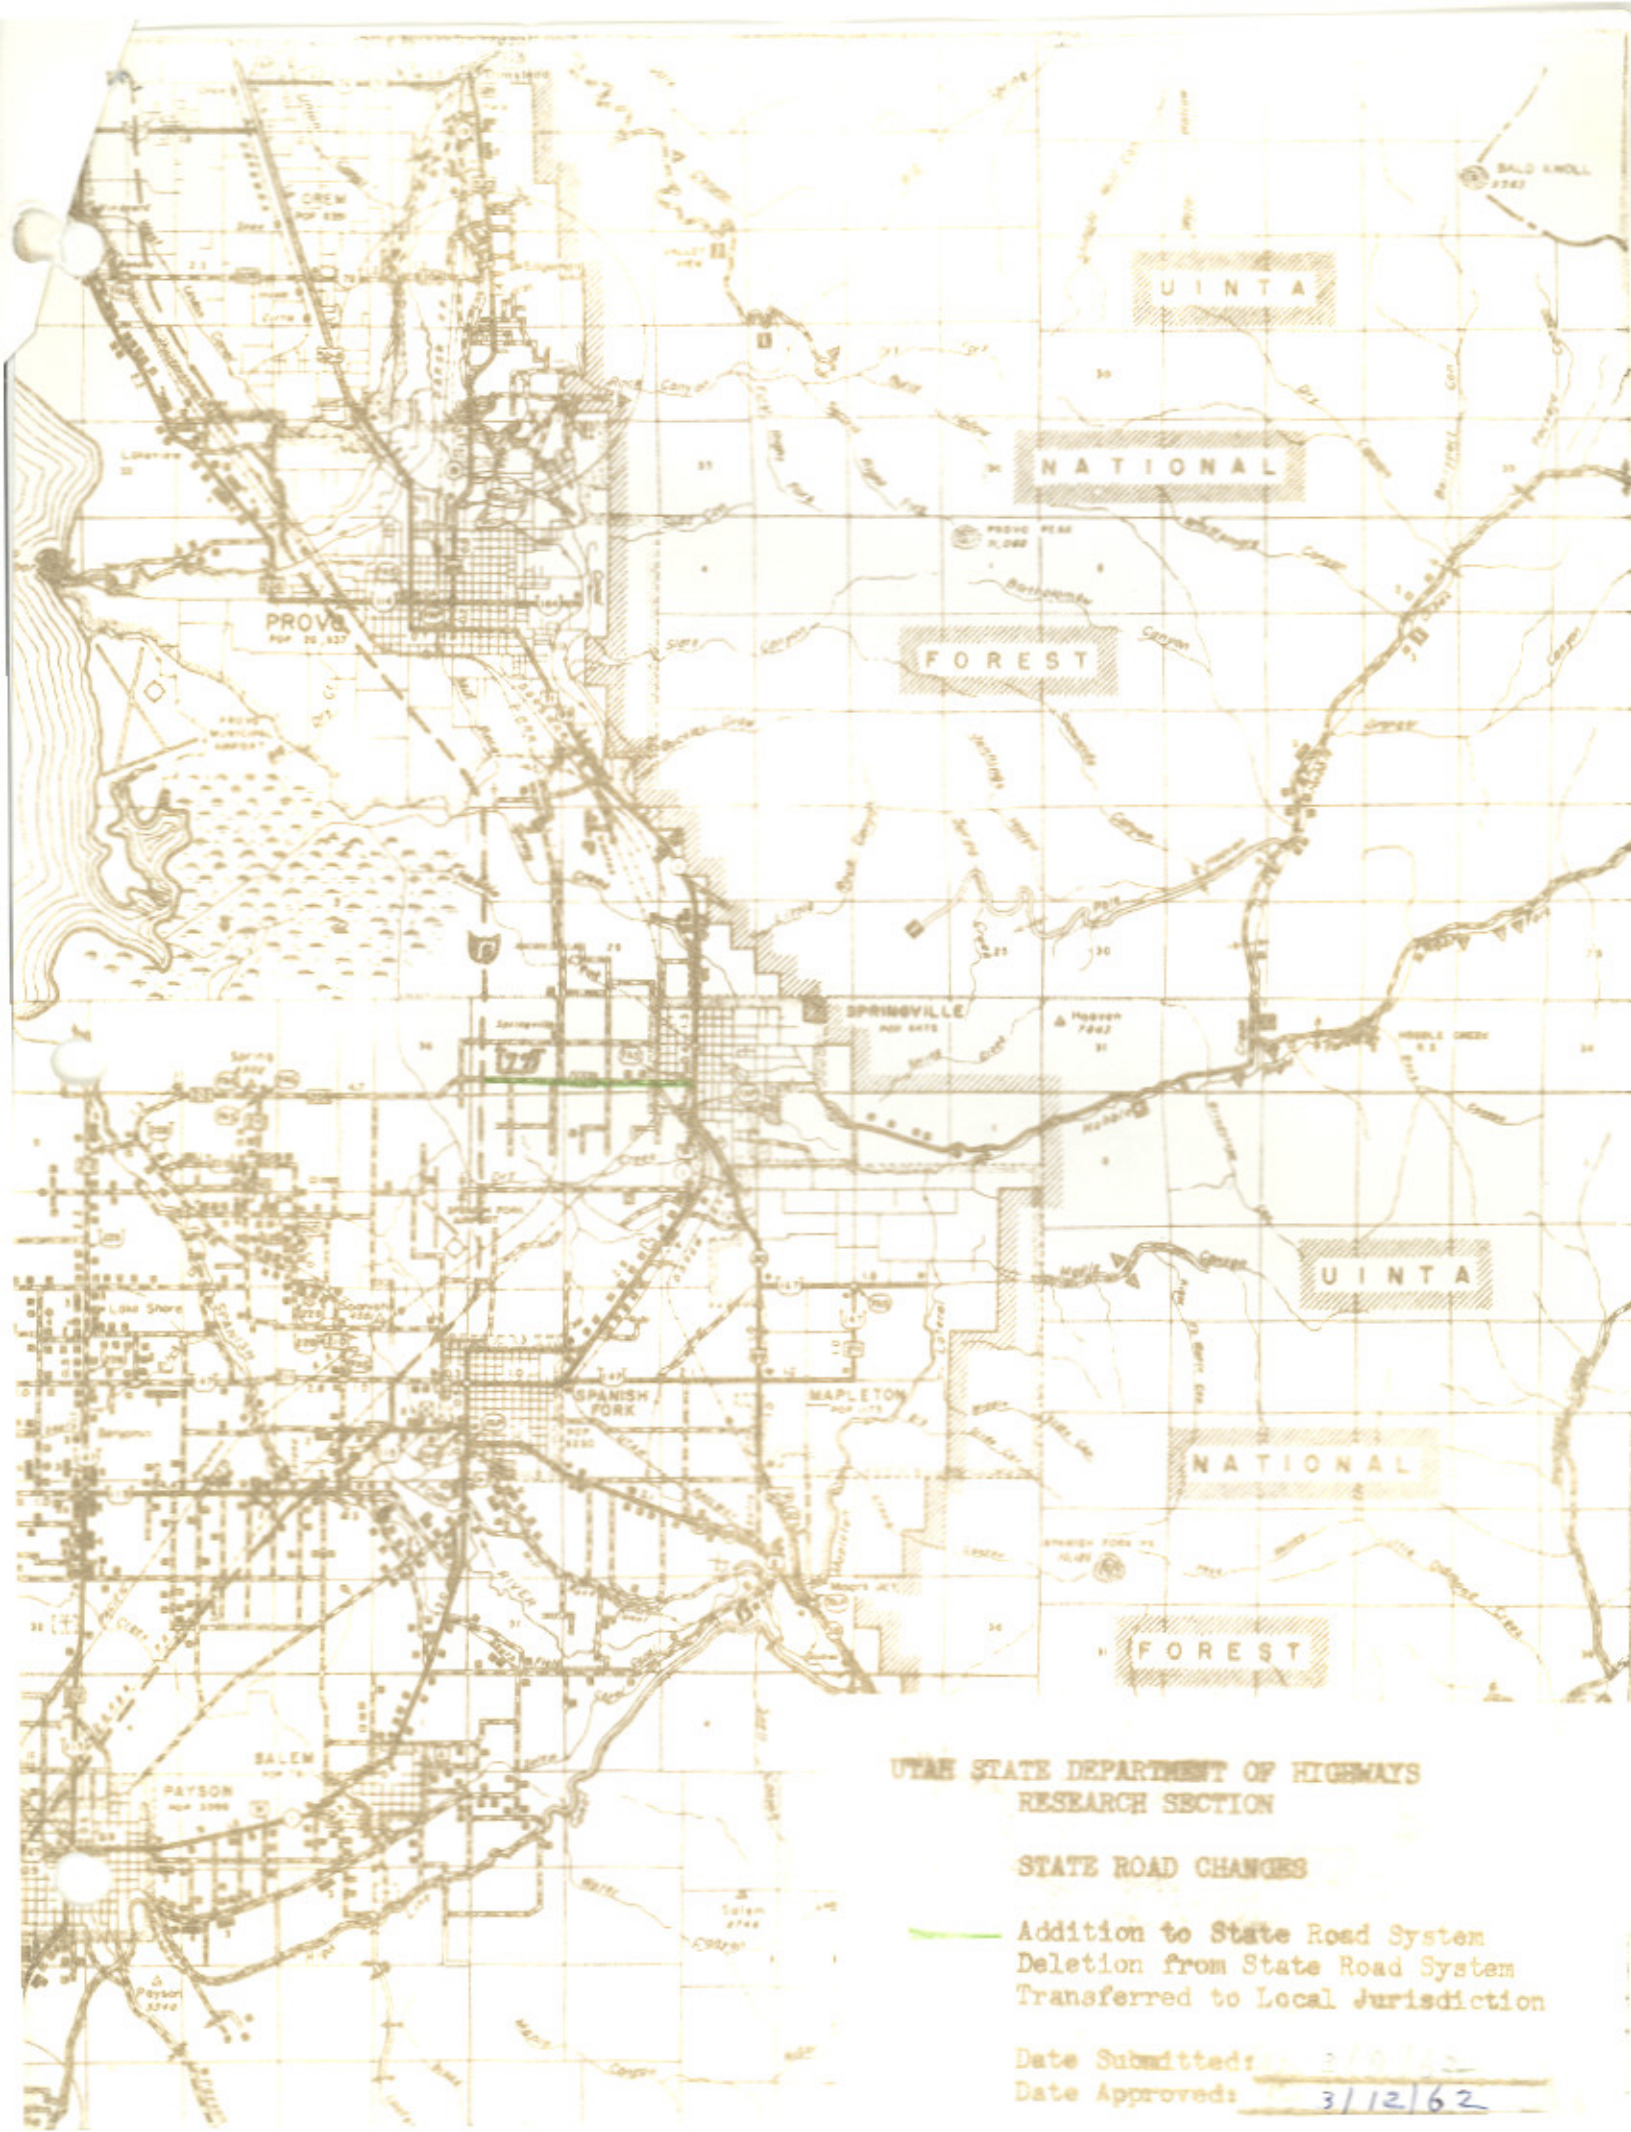

Whereas:

To provide an adequate connection to Interstate Route 15 in the vicinity of Springville, it is recommended that Fourth South Street in Springville between Interstate Route 15 and UT-US 91 be added to the State Route System as an interim designation. At the present time this section of roadway is on the Local Federal-aid Secondary System, and upon approval of this recommendation, will become a part of the State Federal-aid Secondary System. The addition of this route would increase the State Route mileage approximately 2.2 miles.
